Webinar Technical Training - 45 Minute Sessions

Webinar #	Date	Day	Time	Discipline	Topic
13	9-Jun	Tuesday	2 PM ET	Optimization/ Wood Processing	Learn how to create a backup of your mill products configuration file
14	10-Jun	Wednesday	2 PM ET	Mechanical	Wave Feeder
15	11-Jun	Thursday	2 PM ET	Automation PLC/Kilns	Going Online with RMC and simple Trending of an Axis, No troubleshooting or tuning
17	17-Jun	Wednesday	2 PM ET	Mechanical	TBL Calibration
18	18-Jun	Thursday	2 PM ET	Automation PLC/Kilns	How to Calibrate a moisture meter
19	23-Jun	Tuesday	2 PM ET	Optimization/ Wood Processing	Learn how to use the optimizer simulator to maximise profitability
20	24-Jun	Wednesday	2 PM ET	Mechanical	Trimmer
21	25-Jun	Thursday	2 PM ET	Automation PLC/Kilns	Going online with VFD making backsups
22	30-Jun	Tuesday	2 PM ET	Optimization/ Wood Processing	Learn how to use the tag management tool to save stems, logs, cants and boards but also learn how to delete, import and export them
23	1-Jul	Wednesday	2 PM ET	Mechanical	DDM
24	2-Jul	Thursday	2 PM ET	Automation PLC/Kilns	How to properly check lumber packages for moisture content
25	7-Jul	Tuesday	2 PM ET	Optimization/ Wood Processing	Learn how to create a user in the optimizer software and learn about the various security levels available
26	8-Jul	Wednesday	2 PM ET	Mechanical	Cantor
27	9-Jul	Thursday	2 PM ET	Automation PLC/Kilns	HMI Input/Output device features
28	14-Jul	Tuesday	2 PM ET	Optimization/ Wood Processing	Learn how to use the GradExpert Quality Checks and forms
29	15-Jul	Wednesday	2 PM ET	Mechanical	Miller Planer
30	16-Jul	Thursday	2 PM ET	Automation PLC/Kilns	TBD
31	21-Jul	Tuesday	2 PM ET	Optimization/ Wood Processing	Learn the basics of the Comact GradExpert scanning components and the calibrations
32	22-Jul	Wednesday	2 PM ET	Mechanical	TBL
33	23-Jul	Thursday	2 PM ET	Automation PLC/Kilns	TBD
34	28-Jul	Tuesday	2 PM ET	Optimization/ Wood Processing	Learn the basics of the Comact Linear optimizer scanning components and the 3D Pro calibration
