

MODERNIZE YOUR OLDER CONTROLS WITH BID AUTOMATION

Several popular Rockwell PLC platforms are discontinued or being phased out. Operating on these platforms comes with substantial reliability risks.

The PLC-5 and the SLC 500 are being phased out and many components have been discontinued.

Looking for replacement parts on auction sites is not a sustainable strategy!

Updating to a CompactLogix or ControlLogix system with BID AUTOMATION will:

- offer better performance
- increase versatility
- enhance security features

PARTNER WITH BID AUTOMATION TODAY TO SEAMLESSLY MODERNIZE YOUR CONTROLS.

BASED IN ALABAMA, WE PROVIDE COMPANIES WITH LEADING-EDGE AUTOMATION SERVICES ACROSS THE USA.

Setting the standard for process engineering and automation services since 1997
